

IONA COLLEGE

A Catholic Boys' College conducted by The Missionary Oblates of Mary Immaculate.

11 March 2020

Dear Parents and Caregivers,

I write to give you a welcomed outcome regarding the test which the external swim coach undertook for Novel Coronavirus (COVID-19). Today we received notification that the tests results came back negative for COVID-19 and therefore the coach does not have the Novel Coronavirus.

We are of course very pleased for the coach, his family and the swimming club community. As a College we continue to monitor the emerging situation with Coronavirus and pray that those who have contracted the virus experience a quick recovery and those working towards a cure and its treatment are strengthened.

Yours Sincerely
Trevor Goodwin
Principal
