PLEASE REFER TO PAGE 2 FOR ADDITIONAL REQUIREMENTS FOR INDIVIDUAL SUBJECTS AND ADD THESE TO THE TOTAL COST.

**TEXTBOOK HIRE**

All textbooks required by Year 11 students are either provided digitally on their laptop or hired to them by Iona and are available on the first day of school in 2025. At the end of the academic year, these books are then returned by the student in good condition. If the books hired out are not returned or are damaged, the cost of replacing these textbooks is billed to the family.

**DIGITAL DATA NEEDS**

Year 11 students are part of the Student Laptop Program. This includes a One Drive account that provides effectively unlimited online (cloud) data storage. As a result, students are encouraged to maintain their digital schoolwork in their One Drive. Data is accessible from other laptops, computers and other devices. It is further recommended that an external hard drive or home network storage solution be used to maintain a backup location of any critical schoolwork.

Any personal data such as music, videos or photographs needs to be backed up to the home backup location. The college accepts no responsibility for personal data on student laptops. There is no need for students to own or bring a USB memory stick/thumb drive to school.
